This announcement sets forth the requirements and conditions states must meet to receive funds under Sections 261 to 265 of the Help America Vote Act (HAVA), 42 U.S.C. 15421-25.

**Statutory Authority:**

Awards made under this announcement are authorized by Title II, Subtitle D, Part 2, Sections 261 to 265 of HAVA (42 U.S.C. 15421-25).

**PART I: INTRODUCTION**

The Help America Vote Act (HAVA), signed into law by President George W. Bush on October 29, 2002, contains several provisions that will enable State governments responsible for elections and individuals associated with operating the election process to establish, expand, and improve access to and participation in the election process by individuals with the full range of disabilities (e.g., visual impairments, including blindness, hearing impairments, including deafness; the full range of mobility impairments; including gross and fine motor impairments; emotional impairments; and intellectual impairments).

**A. BACKGROUND**

HAVA assigned responsibility for the Voting Access for Individuals with Disabilities (VOTE) program to the Secretary of Health and Human Services (the Secretary), who has assigned responsibility for carrying out this program to the Administration for Children and Families

(ACF). Within ACF, the Administration on Developmental Disabilities (ADD) is responsible for the administration of the HAVA VOTE grant program.

## **B. ELIGIBLE GRANTEES**

As defined by Section 901 of HAVA, States (including the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, and the U.S. Virgin Islands) are eligible to apply for grants under the HAVA VOTE program. Grants are not available to local units of government directly from the Federal Government in Fiscal Year (FY) 2010 because funds have been appropriated only for grants to States.

## **C. USE OF FUNDS**

Section 261 of HAVA provides that funds be made available to States to:

- a. Make polling places, including the path of travel, entrances, exits, and voting areas of each polling facility, accessible to individuals with the full range of disabilities (e.g., visual impairments, including blindness; hearing impairments, including deafness; the full range of mobility impairments, including gross and fine motor impairments, emotional impairments, and intellectual impairments);
- b. Provide the same opportunity for access and participation (including privacy and independence) to individuals with the full range of disabilities;
- c. Provide training for election officials, poll workers, and election volunteers on how best to promote the access and participation of individuals with the full range of disabilities in elections for Federal office;
- d. Provide individuals with the full range of disabilities with information about the accessibility of polling places.

## **D. AVAILABILITY AND DISTRIBUTION OF FUNDS**

On December 16, 2009, Congress appropriated \$12,154,000 for the Voting Access for Individuals with Disabilities (VOTE) grant program for States and \$5,256,000 for payments for Protection & Advocacy Systems (P&As). Payment amounts to States and Territories will be based on the relative size of the voting age population (i.e., number of individuals 18 years Bureau) of eligible States and Territories, with the exception that no State or Territory applying for funds shall receive a payment of less than \$100,000. See **Attachment A, found in Part IV of this Instruction**, for the amount reserved for each State and Territory. In order to receive a payment, a State must meet all of the requirements in Part I, Section C (Use of Funds) of this notice. If fewer than 55 States and Territories submit applications, those States and Territories applying for payment will receive a proportionately higher amount than that listed on **Attachment A**. State governments receiving funds will need to collaborate of age or older as reported by the U.S. Census with local chief election officials and local units of government (including Indian Tribes that are involved in conducting elections for Federal offices) in

determining where and how to spend funds. State governments are encouraged to partner, as appropriate, with for-profit and non-profit organizations, including faith- and community-based organizations, to carry out activities under their plans to increase access to the electoral process by individuals with disabilities. The Federal Government reserves the right to audit expenditure of funds received under this Instruction pursuant to Section 902 of the HAVA, 42 U.S.C. 15542 and 45 Code of Federal Regulations (CFR) 92.26, where applicable.

Direct Federal grants, sub-award funds, or contracts under this ACF program shall not be used to support inherently religious activities such as religious instruction, worship, or proselytization. Therefore, organizations must take steps to separate, in time or location, their inherently religious activities from the services funded under this program. Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against Federal funding of inherently religious activities, can be found at the HHS web site at: <http://www.hhs.gov/fbc/waisgate21.pdf>.

A faith-based organization receiving HHS funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with Federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives Federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS funded activities.

## **B. REPORTING REQUIREMENTS**

States receiving funds through this Program Instruction will prepare and submit annually a narrative report that describes how any funds authorized under the HAVA have been used with regard to the four categories of activities authorized under Section 261 of HAVA, 42 U.S.C. 15421. (Note the exception in Part II, 1.a. for the first category related to assuring that all polling places are accessible.) These reports are due no later than December 31 of each year.
