Notice:

- Applicants are strongly encouraged to read the entire funding opportunity announcement (FOA) carefully and observe the application formatting requirements listed in Section IV.2. Content and Form of Application Submission. For more information on applying for grants, please visit "How to Apply for a Grant" on the ACF Grants & Funding Page at https://www.acf.hhs.gov/grants/howto.

The intent of the Family Violence Prevention and Services Lesbian, Gay, Bisexual, Transgender, and Questioning (LGBTQ) Institute on Intimate Partner Violence grant program is to expand the capacity of individuals, organizations, governmental agencies, local communities, tribes, and tribal organizations to identify and respond to the unique and emerging needs of LGBTQ intimate partner violence survivors. The successful grantee will engage in training and technical assistance, public awareness, research and knowledge development, and policy development and systems engagement to enhance national, state, and local efforts to prevent and address LGBTQ intimate partner violence. The grantee will also participate in ongoing coordination and collaboration with the Family Violence Prevention and Services Act (FVPSA)-funded resource centers in the Domestic Violence Resource Network (DVRN), a network of training and technical assistance organizations that coordinates training and technical assistance efforts to improve domestic violence and dating violence prevention and interventions programs nationwide.

One cooperative agreement will be awarded under this FOA to support the LGBTQ Institute on Intimate Partner Violence.

UPDATE 6/11/2021: This FOA has been modified to correct and clarify content regarding page limitations.

I. Program Description
Statutory Authority
The statutory authority for this funding opportunity announcement is the Family Violence Prevention and Services Act, 42 U.S.C. 10410(a)(2)(B)(ii).

Description
History and Purpose of FVPSA
FVPSA provides the primary federal funding stream dedicated to the support of emergency shelter and supportive services for victims of family violence, domestic violence, and dating violence (also known as intimate partner violence or IPV), as well as their dependents.

First authorized as part of the Child Abuse Amendments of 1984 (Public Law 98–457), FVPSA became the first federal commitment to creating a pathway to safety for survivors of domestic violence and their children. FVPSA has been amended eight times and was most recently reauthorized in December 2010 for 5 years by the Child Abuse Prevention and Treatment Act (CAPTA) Reauthorization Act of 2010 (42 U.S.C. 10401 - 10414).

Since 1984, Congress has continued to make its intent clear that FVPSA funds be used to raise awareness of domestic violence, prevent its occurrence, provide services to victims and their children, and support domestic violence providers to enhance their responses through training and technical assistance.

Specifically, FVPSA has the following statutory purposes:

1. Assist states and Indian tribes in efforts to increase public awareness about primary and secondary prevention of family violence, domestic violence, and dating violence;
2. Assist states and Indian tribes in efforts to provide immediate shelter and supportive services for victims of family violence, domestic violence, and dating violence, and their dependents;
3. Provide for a national domestic violence hotline; and
4. Provide for technical assistance and training relating to family violence, domestic violence, and dating violence programs to states and Indian tribes, local public agencies (including law enforcement agencies; courts; and legal, social service, and health care professionals), nonprofit private organizations (including faith-based and charitable organizations, community- based organizations, and voluntary associations), tribal organizations, and other persons seeking such assistance and training.

FVPSA is administered by the FVPSA program, located in the Family and Youth Services Bureau (FYSB), a division of the Administration on Children, Youth and Families (ACYF). FYSB administers mandatory FVPSA formula grants to the following: 1) states and territories, 2) tribes, and 3) state domestic violence coalitions. FVPSA grants are awarded to every state and territory, and to over 200 tribes. Funds awarded to states, territories, and tribes reach more than 1,600 local public, private, nonprofit, and faith-based organizations and programs demonstrating outcomes in the field of domestic violence services and prevention. These domestic violence programs provide victims of family, domestic, and dating violence, and their children with shelter, safety planning, crisis counseling, information and referral, legal advocacy, and additional support services.
**Domestic Violence Resource Network (DVRN)**

The LGBTQ Institute on Intimate Partner Violence will be a part of FYSB's DVRN, a nationwide network composed of national resource centers, special issues resource centers, culturally specific special issue resource centers, and emerging issue capacity building centers focused on the intervention and prevention of family violence, domestic violence, and dating violence. The DVRN will provide information, resources, training, and technical assistance to improve the capacity of individuals, organizations, governmental agencies, local communities, tribes, and tribal organizations, to prevent family violence, domestic violence, and dating violence; and to provide evidence-based and evidence-informed intervention services. As part of the DVRN, the LGBTQ Institute on IPV will work collaboratively to share its national expertise and deliver domestic violence and dating violence-related training and technical assistance. While the grant recipient will be a member of the DVRN, it will maintain independent governance of its own organization, but will be required to share its expertise with other DVRN members, actively participate in the coordination of technical assistance, attend semi-annual DVRN meetings, and work collaboratively to develop resources as needed.

All DVRN resource centers are expected to conduct their activities in an accessible, linguistically appropriate, culturally responsive, and trauma informed manner and to proactively focus their activities to address racial inequities that exist for survivors of domestic violence, both within victim services and other systems related to the issue areas of the specific resource center. DVRN resource centers actively work to ensure access to services for LGBTQ and Two-Spirit survivors and their children, and to ensure that no person shall on the basis of actual or perceived gender identity or sexual orientation be excluded from participation in, be denied the benefits of, or be subject to discrimination under, any program or activity funded in whole or in part through FVPSA, in accordance with FVPSA regulations at 45 CFR part § 1370.5 (a) and (c).

**LGBTQ Institute on Intimate Partner Violence Program Requirements**

IPV is a significant health and social problem among lesbian, gay, bisexual, transgender, questioning, and Two-Spirit communities and has serious physical health, mental health, and social consequences for its victims, their families, communities, and society-at-large. However, victims of IPV continue to face barriers when seeking trauma-informed and culturally competent services to prevent and address such abuse.

Although domestic violence programs are expected to provide services to all survivors of abuse regardless of sex, sexual orientation, and gender identity, some programs may lack the capacity and expertise to ensure services are affirming and relevant to LGBTQ communities. Gay men, for example, have enormous difficulty accessing “mainstream” domestic violence services that have traditionally been dedicated to providing support to cisgender heterosexual women.

Lesbians seeking refuge at domestic violence shelters may encounter homophobia and bias, or may confront the invisibility of their experiences in the form of advertising and resource materials that only address heterosexual intimate partner violence. Transgender women may also be excluded from shelter because they may confound some service providers’ understandings of sex and gender. While LGBTQ people of color are overwhelmingly impacted by IPV, survivors may face barriers when seeking services that are culturally relevant and responsive.
In addition to being racially and ethnically diverse, subpopulations within the LGBTQ community may not share similar experiences as LGBTQ individuals or as survivors of IPV. For example, LGBTQ immigrants who have experienced persecution because of their sexuality or gender identity within their home country may fear deportation or other adverse consequences if they disclose that they are being abused by a same-sex partner. Likewise, LGBTQ older adults, due to heterosexism and ageism, may not ask for help for fear of stigma and shame. Such realities require that services address the unique and nuanced experiences of LGBTQ survivors. As a result, many domestic violence service providers and LGBTQ-specific organizations throughout the United States struggle to understand the complexities associated with identifying, serving, and supporting LGBTQ survivors.

Through this FOA, FYSB will support one cooperative agreement. The grantee must demonstrate its ability to accomplish the following requirements:

1. Deliver state-of-the-art national training and technical assistance to enhance the organizational capacity of domestic violence programs; state domestic violence coalitions; FVPSA state administrators; Indian tribal governments; tribal organizations; LGBTQ-specific organizations; federal, state, and local government agencies; national, statewide, and local community-based organizations; allied professionals; and other key stakeholders to provide culturally relevant, linguistically appropriate, trauma-informed, survivor-centered domestic violence and dating violence intervention and prevention services that are accessible to LGBTQ victims, including persons from racially and ethnically diverse communities.

2. Raise and enhance the visibility of LGBTQ-specific domestic violence and dating violence intervention and prevention strategies, prevalence statistics, model shelter/programs policies, and other issues as they emerge through the development and distribution of innovative resources; and multi-media and multi-platform public awareness, social media, and marketing campaigns.

Prevention Definitions:

- **Primary Prevention**: Strategies, policies, and programs to stop first-time perpetration and victimization. Primary prevention is stopping domestic and dating violence before they occur. Primary prevention includes, but is not limited to the following: school-based violence prevention curricula, programs aimed at mitigating the effects on children of witnessing domestic or dating violence, community campaigns designed to alter norms and values conducive to domestic or dating violence, worksite prevention programs, and training and education in parenting skills and self-esteem enhancement.

- **Secondary Prevention**: Identifying risk factors or problems that may lead to future family, domestic, or dating violence, and taking the necessary actions to eliminate the risk factors and the potential problem; and actions may include, but are not limited to, healing services for children and youth who have been exposed to domestic or dating violence, home visiting programs for high-risk families, and screening programs in health care settings.

3. Develop and/or utilize already existing trainings to assist state domestic violence coalitions; tribes, tribal organizations, government agencies, and community-based, and LGBTQ-specific organizations to address topics such as the following: culturally relevant survivor-centered
programming; trauma-focused services; homophobia/transphobia; racial equity; LGBTQ youth and adult homelessness; girls/women of color; services for male victims; engaging faith communities; needs of elder victims; the co-occurrence of human immunodeficiency virus (HIV) and domestic violence; human trafficking; trauma-informed support for formerly incarcerated survivors; meeting the needs of survivors with substance use histories; the intersection of intimate partner violence, gun violence, and community violence prevention; and other relevant and emerging issues that impact the needs of LGBTQ survivors.

4. Conduct or contribute to research, frameworks, and evidence-informed interventions related to family violence, domestic violence, and dating violence prevention or intervention for LGBTQ specific victims of IPV, including, but not limited to, racial and ethnic communities, male victims of IPV, HIV-affected persons, and homeless adults and youth.

5. Develop partnerships and build innovative collaborations between domestic violence providers, LGBTQ-specific organizations, social services agencies, faith-based organizations, racially and ethnically specific organizations, and public health organizations.

6. Work collaboratively with national, statewide, and local community-based domestic violence programs; state domestic violence coalitions; FVPSA state administrators; federal, state, and local government agencies; Indian tribal governments; tribal organizations; national, statewide, and LGBTQ-specific organizations; and other entities involved in assisting survivors of domestic violence and dating violence to identify and respond to emerging issues, technical assistance requests, the adaptation of promising practices, and increasing service demands.

7. Implementation of periodic needs assessments of the domestic violence field and LGBTQ communities to identify unmet training and technical assistance needs, including the identification of unaddressed or under addressed topic areas and audience.

8. Participate actively in the coordination of nationwide technical assistance and training with the members of the DVRN and work collaboratively to develop resources as needed for the field.

9. Plan conferences, webinars, topical meetings, or major project meetings in consultation with FYSB to ensure participation of FYSB staff and, more specifically, facilitate at least two FYSB-sponsored webinars each budget period.

10. Provide virtual training to a range of audiences and audience sizes, including, but not limited to, securing the necessary technical tools/platforms and ensuring staff or consultant subject matter expertise on adult learning, instructional design, and learning management systems best practices.

11. Plan to assist FYSB with technical and logistical support of grantee meetings and conferences, including providing insight from first-hand knowledge and experience that can inform planning, analysis, and implementation as related to identified training and technical assistance topics; identifying meeting/conference venues; subcontracting with quality presenters, facilitators and consultants; working with stakeholders to develop an agenda; arranging travel; providing onsite support; and following up on conference evaluations.

12. Plan travel expenses for at least one representative from the LGBTQ Institute to participate in two DVRN meetings and one FYSB-sponsored meeting each budget period.

Competitive applicants should highlight qualities that demonstrate their organizational
leadership and expertise in serving LGBTQ individuals from culturally diverse communities and geographic locations as well as experience providing training and technical assistance to state domestic violence coalitions, local domestic violence programs, tribal programs, community-based programs and LGBTQ-specific organizations.

**LGBTQ Institute on Intimate Partner Violence Program Expectations**

The LGBTQ Institute grantee must have a communication plan and national dissemination strategy for sharing promising practices, research findings, project outcomes, and resources nationwide. Grant products will be disseminated broadly, including posting on the grantee's website, the FYSB website, the National Resource Center on Domestic Violence clearinghouse, and other platforms to reach a broad audience of individuals and communities addressing family violence, domestic violence, and dating violence prevention and intervention. Wherever appropriate, grantees shall include information on FYSB-funded domestic violence hotlines (The Hotline, StrongHearts Native Hotline, Love is Respect) on materials.

The LGBTQ Institute must ensure that grant approach, workplans, and deliverables are consistent with a comprehensive approach to advancing equity for all, including people of color and others who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality. The grantee will provide a comprehensive community equity plan (or other similar documentation within the application) that demonstrates the processes and policies the grantee has in place to ensure the proactive identification of systemic barriers to opportunities and benefits for people of color and other underserved populations and strategic incorporation of activities to redress such barriers in ongoing workplans. This plan (or other similar documentation within the application) will also address policies and practices that are in place to ensure that the grant staffing plan supports the capacity to address those disparities in an ongoing, strategic, and culturally responsive manner, especially for particular underserved populations with documented history of long-standing significant disparities related to the topic of the grant.

- “Underserved” definition: For purposes of this FOA, “underserved population”, “underserved communities” or “people who have been historically underserved” should be read to be consistent with FVPSA statutory and regulatory definitions at 42 U.S. C. § 10402 (14) and 45 CFR § 1370.2. For reference, the definition at 45 CFR part 1370.2 is given here: “Underserved populations means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, and populations underserved because of special needs including language barriers, disabilities, immigration status, and age. Individuals with criminal histories due to victimization and individuals with substance use disorders and mental health issues are also included in this definition. The reference to racial and ethnic populations is primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300(u–6)(g)), which means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian American; Native Hawaiians and other Pacific Islanders; Blacks and Hispanics. The term “Hispanic” or “Latino” means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or any other Spanish speaking country. This underserved populations’ definition also includes other population categories determined
by the Secretary [of Health and Human Services] or the Secretary’s designee to be underserved.

The grantee must ensure that grant approach, workplans, and deliverables are consistent with prohibitions on discrimination on the basis of gender identity or sexual orientation and proactively support access and redress barriers for Lesbian, Gay, Bisexual, Transgender, Questioning (LGBTQ) and Two-Spirit survivors and their children; and that technical assistance and training is conducted in alignment with FVPSA regulations at 45 CFR § 1370.5 (a) and (c) to ensure that no person shall on the basis of actual or perceived gender identity or sexual orientation be excluded from participation in, be denied the benefits of, or be subject to discrimination under, any program or activity funded in whole or in part through FVPSA.

The grantee must maintain the organizational capacity to implement the project including the following: relevant subject matter expertise (domestic violence and as needed for proposed projects); research and evaluation capacity; administrative capacity; project management capacity; national resource center leadership; and sufficient staffing to meet project goals and deliverables. Grantees shall maintain clear plans for maintaining organizational capacity and continuity of services during emergency, disaster, and/or pandemic situations and transition of key project staff.

The LGBTQ Institute grantee must retain up-to-date expertise on LGBTQ communities and domestic violence, including conducting periodic needs assessments of the domestic violence field and human services systems in order to identify unmet training and technical assistance needs, including the identification of unaddressed or under addressed topic areas and audiences. This shall include, but not be limited to, completion of a national needs assessment in the first 6 months of project year 1 and year 4.

Finally, as this is a cooperative agreement that will include substantial involvement from the FVPSA Program in FYSB, the applicants must actively partner with the FVPSA program officers in implementing the resource center's deliverables. The grantee shall plan conferences, meetings, or major project meetings in conjunction with FYSB to allow participation of FYSB staff. The grantee shall plan to develop, review, and discuss a detailed plan for project implementation, a work-plan, a trainings/events schedule, an evaluation schedule, and a plan for reporting on the outcome and success of the project. Applicants will need to plan to partner with FVPSA program officers in the planning, coordination, and implementation of meetings for FVPSA grantees. More information on how FYSB will be involved is included in Section II. Federal Award Information: Description of ACF's Anticipated Substantial Involvement Under the Cooperative Agreement.

Applicants must plan travel to participate in at least one FVPSA Program/FYSB meeting per budget period. The grantee must plan to assist FYSB with technical and logistical support of grantee meetings and conferences, including providing insight from first-hand knowledge and experience that can inform planning, analysis, and implementation as related to identified training and technical assistance topics; identifying meeting/conference venues; subcontracting with quality presenters; facilitators and consultants; working with stakeholders to develop an agenda; arranging travel; providing onsite support; and following up on conference evaluations.

| Length of Project Period: | 60-month project period with five 12-month budget periods |

Additional Information on Awards:

Awards made under this announcement are subject to the availability of federal funds.

Applications requesting an award amount that exceeds the Award Ceiling per budget period, or per project period, as stated in this section, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the Award Ceiling listed for the first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the Award Ceiling listed for the project period. Please see Section III.3. Other, Application Disqualification Factors.

Note: For those programs that require matching or cost sharing, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period or by project period for fully funded awards, even if the projected commitment exceeds the required amount of match or cost share. A recipient's failure to provide the required matching amount may result in the disallowance of federal funds. See Section III.2. of this announcement for information on cost-sharing or matching requirements.

Description of ACF's Anticipated Substantial Involvement Under the Cooperative Agreement

All awards will be cooperative agreements. A cooperative agreement is an award instrument used when substantial involvement is anticipated between the awarding office and the recipient during performance of the contemplated project. FYSB will collaborate with the grantee throughout the project period.

FYSB will provide consultation and will review and approve the work plan for the project, as well as the structure and integrity of the selected grantee. FYSB will also approve any revisions
to the work plan or structure of the selected grantee during each budget/project period. Additionally, FYSB will approve significant project activities and changes to project plans. FYSB will review and approve final drafts of all updated or new materials, articles, major publications, and research reports that are developed or distributed with resources made available under this cooperative agreement.

FYSB will be involved in the development of long-term strategies for the implementation of the project and will participate in major project activities, such as conferences, topical meetings, or major project meetings. FYSB will organize periodic consultations, meetings, briefings, teleconferences, webinars, and other forums necessary to review current and planned activities, to share information, and to promote national coordination.

FYSB does not anticipate substantial involvement in the grantee’s creation of data collection activities, such as those related to needs assessments, evaluations, and requests for feedback, and grantees are not expected to submit such data collection instruments for program office review and approval. In cases where FYSB is directly involved in the creation of data collection activities under this FOA, data collection will be conducted consistent with the Paperwork Reduction Act (PRA) of 1995, (44 U.S.C. 3501-3521) and display a valid Office of Management and Budget (OMB) control number.

FYSB will keep the grantee informed about expectations for performance, current FYSB policy, and FYSB’s vision for addressing family violence, domestic violence, and dating violence. The respective responsibilities of FYSB will be identified and incorporated into the terms and conditions of the award during pre-award negotiations. It is anticipated that the cooperative agreement will not change the project requirements for the grantee under this announcement.

### III. Eligibility Information

#### III.1. Eligible Applicants

To be eligible to receive this discretionary grant, an entity shall be a private, non-profit organization (including faith-based and charitable organizations, community-based organizations, culturally specific organizations, and voluntary associations); or a for-profit organization (other than a sole proprietorship); or a tribal organization; or a state, tribal, or local government; or a public, private, or state-controlled institution of higher education.

Faith-based organizations may apply for this award on the same basis as any other organization, as set forth at and, subject to the protections and requirements of this part and 42 U.S.C. 2000bb et seq., the Department will not, in the selection of recipients, discriminate against an organization on the basis of the organization’s religious character, affiliation, or exercise.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement. See Section III.3. Other, Application Disqualification Factors.

Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. See Section IV.2. Legal Status of Applicant Entity for documentation required to support
eligibility.

III.2. Cost Sharing or Matching

Cost Sharing / Matching Requirement: No

For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient’s cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

For awards that require matching by statute, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards, even if the projected commitment exceeds the amount required by the statutory match. A recipient’s failure to provide the statutorily required matching amount may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.

For awards that do not require matching or cost sharing by statute, where “cost sharing” refers to any situation in which the recipient voluntarily shares in the costs of a project other than as statutorily required matching, recipients will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications by budget period, or by project period for fully funded awards. These include situations in which contributions are voluntarily proposed by a recipient or subrecipient and are accepted by ACF. Non-federal cost sharing will be included in the approved project budget so that the recipient will be held accountable for proposed non-federal cost-sharing funds as shown in the Notice of Award (NOA). A recipient’s failure to provide voluntary cost sharing of non-federal resources that have been accepted by ACF as part of the approved project costs and that have been shown as part of the approved project budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.

III.3. Other

Application Disqualification Factors
Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Award Ceiling Disqualification
Applications that request an award amount that exceeds the Award Ceiling per budget period or per project period ("per project period" refers only to fully funded awards), as stated in Section II. Federal Award Information, will be disqualified from competitive review and from funding
under this announcement. This disqualification applies only to the Award Ceiling listed for first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the Award Ceiling listed for the project period.

Required Electronic Application Submission
ACF requires electronic submission of applications at www.Grants.gov. Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.

Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. Information and the requirements for requesting an exemption from required electronic application submission are found in "ACF Policy for Requesting an Exemption from Electronic Application Submission" at www.acf.hhs.gov/grants/howto#chapter-6.

Missing the Application Deadline (Late Applications)
The deadline for electronic application submission is 11:59 p.m., ET, on the due date listed in the Overview and in Section IV.4. Submission Dates and Times. Electronic applications submitted to www.Grants.gov after 11:59 p.m., ET, on the due date, as indicated by a dated and time-stamped email from www.Grants.gov, will be disqualified from competitive review and from funding under this announcement. That is, applications submitted to www.Grants.gov, on or after 12:00 a.m., ET, on the day after the due date will be disqualified from competitive review and from funding under this announcement.

Applications submitted to www.Grants.gov at any time during the open application period, and prior to the due date and time, which fail the www.Grants.gov validation check, will not be received at, or acknowledged by, ACF.

Each time an application is submitted via www.Grants.gov, the submission will generate a new date and time-stamp email notification. Only those applications with on-time date and time stamps that result in a validated application, which is transmitted to ACF, will be acknowledged.

The deadline for receipt of paper applications is 4:30 p.m., ET, on the due date listed in the Overview and in Section IV.4. Submission Dates and Times. Paper applications received after 4:30 p.m., ET, on the due date will be disqualified from competitive review and from funding under this announcement. Paper applications received from applicants that have not received approval of an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.

Notification of Application Disqualification
Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

**IV. Application and Submission Information**

**IV.1. Address to Request Application Package**

FYSB Operations Center  
c/o F2 Solutions  
Attn: Family Violence Prevention and Services/ LGBTQ Institute on Intimate Partner Violence  
FOA: HHS-2021-ACF-ACYF-EV-1966  
1401 Mercantile Lane  
Suite 410  
Largo, MD 20774  
Phone: 1-885-792-6551

**Electronic Application Submission:**

**Applications in Paper Format:**
For applicants that have received an exemption to submit applications in paper format, Standard Forms, assurances, and certifications are available in the "Select Grant Opportunity Package" available in the FOA's Grants.gov Synopsis under the Package tab at [www.Grants.gov](http://www.Grants.gov). See Section IV.2. Request an Exemption from Required Electronic Application Submission if applicants do not have an Internet connection or sufficient computing capacity to upload large documents (files) to [www.Grants.gov](http://www.Grants.gov).

**Federal Relay Service:**
Hearing-impaired and speech-impaired callers may contact the Federal Relay Service (FedRelay) for assistance at [www.gsa.gov/fedrelay](http://www.gsa.gov/fedrelay).

**IV.2. Content and Form of Application Submission**

**FORMATTING APPLICATION SUBMISSIONS**
Each applicant applying electronically via [www.Grants.gov](http://www.Grants.gov) is required to upload only two electronic files, excluding Standard Forms and OMB-approved forms. No more than two files will be accepted for the review, and additional files will be removed. Standard Forms and OMB-approved forms will not be considered additional files.

**FOR ALL APPLICATIONS:**
**Authorized Organizational Representative (AOR)**
AOR is the designated representative of the applicant/recipient organization with authority to act on the organization’s behalf in matters related to the award and administration of grants. In
signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

**Point of Contact**
In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

**Application Checklist**
Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

**Accepted Font Style**
Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font. Pages that contain blurred text, or text that is too small to read comfortably, will be removed.

**English Language**
Applications must be submitted in the English language and must be in the terms of United States (U.S.) dollars. If applications are submitted using another currency, ACF will convert the foreign currency to U.S. currency using the date of receipt of the application to determine the rate of exchange.

**Page Limitations**
Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS: ". Page limitation(s) do not include SFs and OMB-approved forms.

All applications must be double-spaced. An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have extra pages removed and those pages will not be reviewed.

**Application Elements Exempted from Double-Spacing Requirements**
The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the table of contents, the one-page Project Summary, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

**Adherence to FOA Formatting, Font, and Page Limitation Requirements**
Applications that fail to adhere to ACF’s FOA formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review. The removed page(s) will not be made available to reviewers.
Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

**NOTE:** Applicants failing to adhere to ACF’s FOA formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

**Corrections/Updates to Submitted Applications**
When applicants make revisions to a previously submitted application, ACF will accept only the last on-time application for pre-review under the Application Disqualification Factors. The Application Disqualification Factors determine the application's acceptance for competitive review. See Section III.3. Application Disqualification Factors and Section IV.2. Application Submission Options.

**Copies Required**
Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all Standard Forms and OMB-approved forms. The original copy must have original signatures.

**Signatures**

The original of a paper format application must include original signatures of the authorized representatives.

**Accepted Application Format**
With the exception of the required Standard Forms (SFs) and OMB-approved forms, all application materials must be formatted so that they are 8½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned
documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page. Pages with blurred text will be removed from the application.

PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:
The Project Description (File One) is limited to 50 pages and must include the following:

1. Table of Contents
2. Project Summary/Abstract (one page)
3. Objectives and Need for Assistance
4. Expected Outcomes
5. Approach
6. Timeline and Narrative
7. Logic Model
8. Program Performance and Evaluation Plan
9. Organizational Capacity
10. Dissemination Plan
11. Protection of Sensitive and/or Confidential Information
12. Project Sustainability Plan
13. Line Item Budget and Budget Justification (exempt from page limitations)

The Appendices (File Two) (exempt from the page limitations) must include:

1. Staff Position Information (e.g., resumes of key staff, job descriptions, organizational chart)
2. List of Board of Directors or other governing body members (as applicable)
3. Financial Statements (as applicable)
4. Third-Party Agreements/Memoranda of Understanding (MOUs) (as applicable)
5. Letters of Support
6. Required Forms, Certifications, and Assurances
7. Proof of Legal Status
8. Indirect Cost Rate Letter (as applicable)
9. Other Eligibility Documents (as applicable)

Please note again that SFs and OMB-approved forms are not to be count toward the page limit. To the extent possible, please limit the appendix file to one 50-page PDF submission.

Please remember that shorter applications are often easier for reviewers to fully understand and evaluate. FYSB suggests that applicants use headings, subheadings, bullet points, extra spaces, and formatting such as bold or underline to help grant reviewers easily locate each aspect of the grant application and determine that each point has been addressed in the application.

ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS
Applicants are required to submit their applications electronically unless they have requested and received an exemption that will allow submission in paper format. See Section IV.2.
Application Submission Options for information about requesting an exemption.

Electronic applications will only be accepted via www.Grants.gov. ACF will not accept applications submitted via email or via facsimile.

Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.

File One: Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

File Two: Must contain all documents required in the Appendices.

Adherence to the Two-File Requirement
No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

Application Upload Requirements
ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed earlier in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Acrobat Reader software will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

Applicants must ensure that the version of Adobe Acrobat Reader they are using is compatible with Grants.gov. To verify Adobe software compatibility please go to Grants.gov and click on “Applicants” at the top bar menu and select “Adobe Software Compatibility", which is listed under "Applicant Resources." The Adobe verification process allows applicants to test their version of the software by opening a test Workspace PDF form. Grants.gov also includes guidance on how to download a supported version of Adobe, as well as troubleshooting instructions for use, if an applicant is unable to open the test form.

The Adobe Software Compatibility page located on Grants.gov also provides guidance for applicants on filling out a Workspace PDF form. In addition, it addresses local network and/or computer security settings and the impact this has on use of Adobe software.

Required Standard Forms (SFs) and OMB-approved Forms
Standard Forms (SFs) and OMB-approved forms, such as the SF-424 application and budget forms and the SF-P/PSL (Project/Performance Site Location), are uploaded separately at
Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See Section IV.2. Required Forms, Assurances, and Certifications for the listing of required Standard Forms, OMB-approved forms, and required assurances and certifications.

**Naming Application Submission Files**
Carefully observe the file naming conventions required by [www.Grants.gov](http://www.Grants.gov). Limit file names to 50 characters (characters and spaces). Special characters that are allowed under Grants.gov’s naming conventions, and are accommodated by ACF’s systems, are listed in the instructions available in the "Select Grant Opportunity Package" at Grants.gov. Please also see [https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html](https://www.grants.gov/web/grants/applicants/submitting-utf-8-special-characters.html).

**Use only file formats supported by ACF**
It is critical that applicants submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDF documents in order to comply with the two file upload limitation. Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete and ACF will not make any awards based on an incomplete application.

ACF supports the following file formats:

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

**Do Not Encrypt or Password-Protect the Electronic Application Files**
If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete and ACF will not make awards based on an incomplete application.

**FORMATTING FOR PAPER APPLICATION SUBMISSIONS:**
The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. For more information on the exemption, see "ACF Policy on Requesting an Exemption from Required Electronic Application Submission" at [www.acf.hhs.gov/grants/howto#chapter-6](http://www.acf.hhs.gov/grants/howto#chapter-6)

**Format Requirements for Paper Applications**
All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single FOA, or multiple applications under separate FOAs, each application submission must be packaged separately.
The package(s) must be clearly labeled for the specific FOA it addresses by FOA title and by Funding Opportunity Number (FON).

Applicants using paper format should download the application forms package associated with the FOA's Synopsis on [www.Grants.gov](http://www.Grants.gov) under the Package tab.

Because each application will be duplicated, do not use or include separate covers, binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate sections of the application. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. All application materials must be one-sided for duplication purposes. All pages in the application submission must be sequentially numbered.

Addresses for Submission of Paper Applications
See Section IV.7. Other Submission Requirements for addresses for paper format application submissions.

(SAM) registration.

Active registration at the SAM website must be maintained throughout the application and project award period.

SAM registration is available at [http://www.sam.gov](http://www.sam.gov).

SF-Project/Performance Site Location(s)

Submission is required for all applicants by the application due date.

Required for all applications. In the SF-P/PSL, applicants must cite their primary location and up to 29 additional performance sites.

**Mandatory Grant Disclosure**

All applicants and recipients are required to submit, in writing, to the awarding agency and to the HHS Office of the Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. (Mandatory Disclosures, 45 CFR § 75.113)

Disclosures must be sent in writing to:

**And to:**

U.S. Department of Health and Human Services, Office of Inspector General, ATTN: Mandatory Grant Disclosures, Intake Coordinator, 330 Independence Avenue, SW., Cohen Building, Room 5527, Washington, DC 20201

Fax: (202) 205-0604 (Include “Mandatory Grant Disclosures” in subject line) or

Email: [MandatoryGranteeDisclosures@oig.hhs.gov](mailto:MandatoryGranteeDisclosures@oig.hhs.gov)

**Non-Federal Reviewers**

Since ACF will be using non-federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for use during the review and selection process.
The Project Description

The Project Description Overview

General Expectations and Instructions
The Project Description provides the majority of information by which an application is evaluated and ranked in competition with other applications for financial assistance. It must address all activities for which federal funds are being requested and all application requirements as stated in this section. The Project Description must explain how the project will meet the purpose of the FOA, as described in Section I. Program Description. As a reminder, reviewers will be evaluating this section in accordance with Section V.1. Criteria.

The Project Description must be clear, concise, and complete. ACF is particularly interested in Project Descriptions that convey strategies for achieving intended performance. Project Descriptions are evaluated on the basis of substance and measurable outcomes, not length. Cross-referring should be used rather than repetition. Supporting documents designated as required must be included in the Appendix of the FOA.

Letter of Intent

Applicants are strongly encouraged to notify ACF of their intention to submit an application under this announcement. Please submit a letter of intent by the deadline date listed in Section IV.4. Submission Dates and Times. The letter of intent should include the following information: number and title of this announcement; the name and address of the applicant organization; and the name, phone number, fax number and email address of a contact person.

Letter of intent information will be used to determine the number of expert reviewers needed to evaluate applications. The letter of intent is optional. Failure to submit a letter of intent will not impact eligibility to submit an application and will not disqualify an application from competitive review.

Table of Contents

List the contents of the application including corresponding page numbers. The table of contents may be single spaced.

Project Summary

Provide a summary of the application project description. It must be clear, accurate, concise, and without cross-references to other parts of the application. The summary must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the Project Summary:

- Project Title
- Applicant Name
• Address
• Contact Phone Numbers (Voice, Fax, Cell)
• Email Address
• Website Address, if applicable

The Project Summary must be single-spaced, Times New Roman 12-point font, and limited to one page in length. Additional pages will be removed and will not be reviewed.

Legal Status of Applicant Entity

Applicants must provide the following documentation:

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

• A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
• A copy of a currently valid IRS tax-exemption certificate.
• A statement from a state taxing body, state attorney general, or other appropriate state official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
• A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.
• Any of the items in the subparagraphs immediately above for a state or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate

Unless directed otherwise, applicants must include proof of non-profit status in the Appendices file of the application submission.

Need For Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance, including the nature and scope of the problem, must be demonstrated. Supporting documentation, such as letters of support and testimonials from concerned parties, may be included in the Appendix. Any relevant data based on planning studies or needs assessments should be included or referred to in the endnotes or footnotes. Incorporate demographic data and participant/beneficiary information, as available.

Objectives

Clearly state the principal and subordinate objectives of the project. Applicants must address how the objectives stated relate to the overall purpose of the program and describe how objectives will be achieved.

Expected Outcomes

Identify the outcomes to be achieved from the project. Outcomes should relate to the overall
program as described in Section I. Program Description. If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

Approach

Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

Applicants' plans must describe the organization's current coordination efforts with other appropriate stakeholders and national technical assistance providers, including details of past collaborations and plans for coordination of services.

Applicants must clearly describe how they will use training, expertise, problem-solving strategies, and other forms of technical assistance to support domestic violence programs, state domestic violence coalitions, tribes, tribal organizations, government agencies, community-based organizations, and LGBTQ-specific organizations, professionals, and other interested parties related to intimate partner violence services specific to LGBTQ survivors and communities.

Applicants must clearly describe how they will provide educational opportunities, consultations, webinars, distance learning, and other forms of technical assistance that allows domestic violence programs, state domestic violence coalitions, tribes, tribal organizations, government agencies, community-based organizations, and LGBTQ-specific organizations to learn from their expertise regarding IPV prevention, intervention and other relevant topics specific to LGBTQ survivors and communities.

Applicants must describe how they will support and foster partnerships between organizations that have not traditionally worked together to address IPV among LGBTQ individuals, such as social service agencies, faith-based organizations, culturally specific organizations, LGBTQ-specific organizations, or community-based organizations.

Applicants must discuss how they will identify and recommend trauma-informed and evidence-informed prevention and intervention strategies that integrate lifetime exposure to violence and multiple victimizations and oppressions of LGBTQ individuals, including the impact of homophobia, internalized homophobia, and transphobia.

Applicants must specify how they will work together with public and private systems to strengthen policies and institutionalize training to improve accessibility and service effectiveness for LGBTQ victims of IPV.

Finally, all applicants must clearly indicate that this is an application for the LGBTQ Institute on IPV grant program. In addition to ensuring that the approach encompasses all the goals and objectives as described in Section I. Program Description, applicants must detail a plan for addressing the following project activities: training and technical assistance, public awareness, policy development, systems engagement and research, and knowledge development, as detailed below.
Training and Technical Assistance Activities - Applicant training and technical assistance activities must include the following:

1. Delivering a comprehensive array of national technical assistance and training to improve the capacity of domestic violence programs, state domestic violence coalitions, tribes, tribal organizations, government agencies, and community-based organizations to provide domestic violence intervention and prevention services that are accessible to LGBTQ victims of IPV.

2. Engaging local domestic violence programs, state domestic violence coalitions, FVPSA state administrators, LGBTQ-specific organizations social services agencies, tribes, tribal organizations, policymakers, and other entities involved in assisting community-based programs for victims of domestic violence to assess needs, providing input on products/tools, discussing emerging trends, discussing promising practices, and providing guidance on training/technical assistance modalities.

3. Enhancing domestic violence programs' organizational capacity and accessibility by offering innovative and comprehensive educational opportunities, conferences, and peer-to-peer consultations that allow community-based programs to learn from the LGBTQ Institute's expertise.

4. Identifying LGBTQ-specific training and technical assistance needs of the domestic violence field that are within the applicant's expertise and providing targeted technical assistance based on those needs.

5. Leading advocacy, practice, and service improvements and capacity building by offering comprehensive technical assistance and solution-based strategies to address existing needs, challenges, or emerging issues related to supporting LGBTQ victims.

6. Creating and implementing evidence-based or evidence-informed strategies that regularly incorporate input and feedback from people with lived experience as LGBTQ victims of IPV into grant activities at multiple points in the development process.

7. Coordinating broader technical assistance efforts related to LGBTQ victims with the NRCDV, National Indian Resource Center (NIRC), Special Issue Resource Centers (SIRCs), and CSSIRCs whenever possible.

Public Awareness and Resource Development Activities - Applicant public awareness and resource development activities must include the following:

1. Gathering and creating resources specific to LGBTQ victims, including promising practices, guidelines, and clearinghouse informational materials, and making this information available to the domestic violence field.

2. Distributing and developing comprehensive statistics, fact sheets, and specialized resources addressing a range of family violence, domestic violence, and dating violence intervention and prevention issues specific to LGBTQ victims.

3. Distributing and developing materials to support the adaptation of model programs, evidence-based practices, promising practices, and exemplary projects.
4. Developing a national dissemination strategy to share LGBTQ-specific promising practices, outcomes, and resources nationwide using tools that will enhance the accessibility of statistics, fact sheets, and specialized domestic violence and dating violence resources including content management systems, communities of practice, e-learning modules, podcasts, videos, websites, webcasts, and webinars.

5. Developing a communication plan for distributing information, products, reports, and other project outputs to the domestic violence field, allied partners, and to the public. Applicants must provide a description of the method, volume, and timing of distribution.

**Policy Development and System Engagement Activities** - Applicant policy development and system engagement activities must include the following:

1. Engaging public and private systems to create national, statewide, tribal, and local improvements in systemic responses to family violence, domestic violence, and dating violence intervention and prevention thus minimizing barriers for LGBTQ victims who need to safely access these systems.

2. Engaging public and private systems in conducting needs assessments to address emerging trends, gaps, and service accessibility barriers LGBTQ victims may face when accessing services.

3. Collaboratively working with public and private systems to strengthen policies and institutionalize training to improve accessibility and service outcomes for LGBTQ victims of IPV.

4. Coordinating systems improvements and policy development/changes collaboratively with community partners and stakeholders to ensure that responses are informed by LGBTQ victims and service providers, and take into consideration any unintended consequences, service gaps, and availability of community resources.

5. Identifying and educating the domestic violence field on federal, state, and local policy gaps related to serving LGBTQ survivors.

**Research and Evaluation Activities** - Research activities are not required to be large-scale but must be broad in scope and specifically relate to LGBTQ survivors of IPV. Examples of activities may include literature reviews, research papers, published reports, case studies, programming evaluation, and focus groups. Applicant research and evaluation activities must include the following:

1. Reviewing the scope of available research on LGBTQ victims and identifying gaps and key questions for future research opportunities or projects.

2. Reviewing the scope of available training and technical assistance modalities to identify promising models and methodologies and key considerations for future projects.

3. Completing case studies to assess multidisciplinary partnerships between domestic violence programs and/or health and social service agencies to meet the needs of LGBTQ victims and their children or to improve service/system accessibility. Documenting scope of the
collaborations, successes, challenges, and outcomes achieved.

4. Collaborating with the domestic violence field and NRCDV, NIRC, SIRC, or CSSIRC grantees to review and understand domestic violence related lessons learned, evidence-based practices, national standards, and promising practices for addressing the needs of LGBTQ victims of IPV;

5. Developing a researched-based conceptual framework to address LGBTQ victims of IPV.

6. Developing a plan for national distribution of research or findings that integrates the applicant's area of expertise and shares those findings with the domestic violence field as well as the general public.

**Project Timeline and Milestones**

Provide quantitative monthly or quarterly projections (for the entire project period) of the accomplishments to be achieved for each function or activity, in such terms as the number of people to be served and the number of activities accomplished. Data may be organized and presented as project tasks and subtasks with their corresponding timelines during the project period. When accomplishments cannot be quantified by activity or function, list them in chronological order to show the schedule of accomplishments and their target dates.

**Program Performance Evaluation Plan**

Applicants must describe a plan for the program performance evaluation that will contribute to continuous quality improvement. The program performance evaluation must monitor ongoing activities and the progress towards the goals and objectives of the project. Include descriptions of the inputs (e.g., organizational profile, collaborative partners, key staff, budget, and other resources), key activities, and expected outcomes of the funded activities. The plan must explain how the inputs, activities, and outcomes will be measured; how the resulting information will be used to inform improvement of funded activities; and any processes that support the overall data quality of the performance outcomes.

Applicants must describe the organizational systems and processes that will effectively track performance outcomes, including a description of how the organization will collect and manage data (e.g., assign skilled staff, data management software, data integrity, etc.) in a way that allows for accurate and timely reporting of performance outcomes. Applicants must describe any potential obstacles for implementing the program performance evaluation and how those obstacles will be addressed. Applicants must include a timeline for how information from the quality improvement evaluation will be reviewed and applied to the ongoing project.

Applicants must provide a narrative addressing how the conduct of the project and its results will be evaluated. In addressing the evaluation of results, state what measures will be used to determine the extent to which the project has achieved its stated objectives and the extent to which the accomplishment of objectives can be attributed to the project. Discuss the criteria to be used to evaluate results, and explain the methodology that will be used to determine if the needs identified and discussed are being met and if the project results and benefits are being
achieved. With respect to the conduct of the project, define the procedures to be employed to determine whether the project is being conducted in a manner consistent with the work plan presented and discuss the outcomes of the project's various activities that address the project's success.

The LGBTQ Institute grantee must have an evaluation plan to assess outcomes of technical assistance and training delivery for recipients. The applicant is expected to demonstrate their success in achieving the project objectives and completing the activities proposed in their project plan. Measures of success should include success in delivering national scope training and technical assistance that addresses the needs of the domestic violence field as well as documenting service recipients’ change in knowledge and skills after training and technical assistance efforts. This should include the following:

1. Assisting in the capacity building of organizations serving LGBTQ IPV survivors and their families;
2. Responding to and meeting the needs of the domestic violence field and LGBTQ organizations as it relates to training and technical assistance;
3. Demonstrating outcomes of training and technical assistance efforts through documenting changes in knowledge and skills of professionals serving LGBTQ survivors of IPV;
4. Reaching a broad base of domestic violence service providers, organizations, tribes, tribal organizations, state domestic violence coalitions, and community based organizations, including culturally-specific and LGBTQ-serving organizations through training and technical assistance.

**Logic Model**

Applicants must submit a logic model for designing and managing their project. A logic model is a diagram that presents the conceptual framework for a proposed project and explains the links among program elements. Logic models must target the identified objectives and goals of the grant program. While there are many versions of logic models, for the purposes of this announcement, the logic model may include connections between the following items:

- Inputs (e.g., additional resources, organizational profile, collaborative partner(s), key staff, budget);
- Target population (e.g., the individuals to be served, identified needs);
- Activities, Mechanisms, Processes (e.g., evidence-based practices, best practices, approach, key intervention and evaluation components, continuous quality improvement efforts);
- Outputs (i.e., the immediate and direct results of program activities);
- Outcomes (i.e., the expected short and long-term results the project is designed to achieve, typically described as changes in people or systems), and
- Goals of the project (e.g., overarching objectives, reasons for proposing the project).

**Organizational Capacity**

Provide the following information on the applicant organization and, if applicable, on any
cooperating partners:

- Organizational charts;
- Resumes (no more than two single-spaced pages in length);
- Curricula vitae (CV);
- Biographical sketches (short narrative description);
- Membership list of the Board of Directors;
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this announcement;
- Evidence that each participating organization, including partners and/or subcontractors, possess the organizational capability to effectively fulfill their role(s) and function(s);
- Job descriptions for each vacant key position; and
- Organizational emergency/disaster/continuity of operations plan.

Explain how the applicant shall provide and maintain the organizational capacity to implement the LGBTQ Institute, including the following: relevant subject matter expertise; research and evaluation, administrative, and project management capacity; national resource center leadership; and sufficient staffing to meet project goals and deliverables. If consultants or collaborative partners will provide aspects of the required capacity, provide signed MOU(s) documenting in detail the relevant activities and reasonable compensation.

**Protection of Sensitive and/or Confidential Information**

Provide a description of how protected personally identifiable information and other information that is considered sensitive, consistent with applicable federal, state, local and tribal laws regarding privacy and obligations of confidentiality, will be collected and safeguarded. The applicant must provide the methods and/or systems that will be used to ensure that confidential and/or sensitive information is properly handled and if applicable, address the process for subrecipient(s) and/or contractors. Also, provide a plan for the disposition of such information at the end of the project period.

**Dissemination Plan**

Applicants must propose a plan to disseminate reports, products, and/or grant project outputs so that project information is provided to key target audiences. Dissemination plans must include:

- Dissemination goals and objectives;
- Strategies to identify and engage with target audiences;
- Allocation of sufficient staff time and budget for dissemination purposes;
- A preliminary plan to evaluate the extent to which target audiences have received project information and have used it as intended, and
- The timeline for dissemination.

**Third-Party Agreements**
Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. Letters of Commitment and MOUs must both clearly describe the roles and responsibilities for project activities and the support and/or resources that the third-party (i.e., subrecipient, contractor, or other cooperating entity) is committing. The Letters of Commitment and MOUs must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization. General letters of support are not considered to be third-party agreements.

Applicants must provide Letters of Commitment or MOUs between recipients and third-parties (i.e., subrecipients, contractors, or other cooperating entities). In addition to clearly describing the roles and responsibilities for project activities and support and/or resources that the third-party is committing, these agreements must detail work schedules and estimated remuneration with an understanding that a finalized agreement will be negotiated once the successful applicant is awarded the grant.

Collaboration/consortia applicants must provide letters of commitment or MOUs identifying the primary applicant and all collaborators that are responsible for project activities.

**Letters of Support**

Provide statements from community, public, and/or commercial leaders that support the project proposed for funding. All submissions must be included in the application package. At minimum, each letter of support must identify the individual writing the letter, the organization they represent, the date, and reason(s) for supporting the project.

**The Project Budget and Budget Justification**

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information Standard Form, either SF-424A or SF-424C. Applicants are encouraged to review the form instructions in addition to the guidance in this section. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form. Applicants must indicate the method they are selecting for their indirect cost rate. See Indirect Charges for further information.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in Section IV.2. *Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

**Special Note:** The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2021 and Consolidated Appropriations Act, 2021, (Division H, Title II, Sec. 202), limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary of an individual at a rate in excess of Executive Level II. The Executive Level II salary of the "Rates of Pay for the Executive Schedule" is $199,300. This
amount reflects an individual's base salary exclusive of fringe benefits and any income that an individual may be permitted to earn outside of the duties of the applicant organization. This salary limitation also applies to subawards and subcontracts under an ACF grant or cooperative agreement.

Provide a budget using the SF-424A and/or SF-424C, as applicable, for each year of the proposed project. Provide a budget justification, which includes a budget narrative and a line-item detail, for each year of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

**General**
Use the following guidelines for preparing the project budget and budget justification. The budget justification includes a budget narrative and a line-item detail. Applications should only include allowable costs in accordance with 45 CFR Part 75 Subpart E.

**Personnel**
**Description:** Costs of employee salaries and wages. See 45 CFR § 75.430 for more information on allowable personnel costs. Do not include the personnel costs of consultants, contractors and subrecipients under this category.

**Justification:** For each position, provide: the name of the individual (if known), their title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Identify the project director or principal investigator, if known at the time of application.

**Fringe Benefits**
**Description:** Costs of employee fringe benefits are allowances and services provided by employers to their employees in addition to regular salaries and wages. For more information on Fringe Benefits please refer to 45 CFR § 75.431. Do not include the fringe benefits of consultants, contractors, and subrecipients.

Typically, fringe benefit amounts are determined by applying a calculated rate for a particular class of employee (full-time or part-time) to the salary and wages requested. Fringe rates are often specified in the approved indirect cost rate agreement. Fringe benefits may be treated as a direct cost or indirect cost in accordance with the applicant's accounting practices. Only fringe benefits as a direct cost should be entered under this category.

**Justification:** Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement, taxes, etc.

**Travel**
**Description:** Costs of project-related travel (i.e., transportation, lodging, subsistence) by employees of the applicant organization who are in travel status on official business. Travel by non-employees such as consultants, contractors or subrecipients should be included under the
Contractual line item. Local travel for employees in non-travel status should be listed on the Other line. Travel costs should be developed in accordance with the applicant's travel policies and 45 CFR § 75.474.

**Justification:** For each trip show: the total number of travelers; travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/grantee orientations should be detailed in the budget justification.

**Equipment**
**Description:** "Equipment" means an article of nonexpendable, tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) $5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in, or excluded from, acquisition cost in accordance with the organization's regular written accounting practices.) See 45 CFR § 75.439 for more information.

**Justification:** For each type of equipment requested provide: a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use on the project; as well as use and/or disposition of the equipment after the project ends.

**Supplies**
**Description:** Costs of all tangible personal property, other than included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than $5,000. See 45 CFR § 75.453 for more information.

**Justification:** Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

**Contractual**
**Description:** Cost of all contracts and subawards except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contract or subawards with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. Costs related to individual consultants should be listed on the Other line. Recipients are required to use 45 CFR §§ 75.326-.340 procurement procedures, and subawards are subject to the requirements at 45 CFR §§ 75.351-.353.

**Justification:** Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Applicants must justify any anticipated procurement action that is expected to be awarded without competition and
exceeds the simplified acquisition threshold stated in 48 CFR Subpart 2.1. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Indicate whether the proposed agreement qualified as a subaward or contract in accordance with 45 CFR § 75.351. Provide the name of the contractor/subrecipient (if known), a description of anticipated services, a justification for why they are necessary, a breakdown of estimated costs, and an explanation of the selection process. In addition, for subawards, the applicant must provide a detailed budget and budget narrative for each subaward, by entity name, along with the same justifications referred to in these budget and budget justification instructions.

**Other**

**Description:** Enter the total of all other costs. Such costs, where applicable and appropriate, may include, but are not limited to: consultant costs, local travel, insurance, food (when allowable), medical and dental costs (non-personnel), professional service costs (including audit charges), space and equipment rentals, printing and publications, computer use, training costs (such as tuition and stipends), staff development costs, and administrative costs. Please note costs must be allowable per 45 CFR Part 75 Subpart E.

**Justification:** Provide a breakdown of costs, computations, a narrative description, and a justification for each cost under this category.

**Indirect Charges**

**Description:** Total amount of indirect costs. This category has one of two methods that an applicant can select. An applicant may only select one.

1. The applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency.

   **Justification:** An applicant must enclose a copy of the current approved rate agreement. If the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed. Choosing to charge a lower rate will not be considered during the objective review or award selection process.

2. Per 45 CFR § 75.414(f) Indirect (F&A) costs, "any non-Federal entity [i.e., applicant] that has never received a negotiated indirect cost rate, ... may elect to charge a *de minimis* rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in Section 75.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as the non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time."

   **Justification:** This method only applies to applicants that have never received an
approved negotiated indirect cost rate from HHS or another cognizant federal agency. Applicants awaiting approval of their indirect cost proposal may request the 10 percent *de minimis* rate. When the applicant chooses this method, costs included in the indirect cost pool must not be charged as direct costs to the grant.

**Commitment of Non-Federal Resources**

**Description:** Amounts of non-federal resources that will be used to support the project as identified in Block 18 of the SF-424. This line should be used to indicate required and/or voluntary committed cost sharing or matching, if applicable.

For all federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the recipient's cost sharing or matching when such contributions meet all of the criteria listed in 45 CFR § 75.306.

For awards that require matching or cost sharing by statute, recipients will be held accountable for projected commitments of non-federal resources (at or above the statutory requirement) in their application budgets and budget justifications by budget period, or by project period for fully funded awards. A recipient's failure to provide the statutorily required matching or cost sharing amount (and any voluntary committed amount in excess) may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.

For awards that do not require matching or cost sharing by statute, recipients are not expected to provide cost sharing or matching. However, recipients are allowed to voluntarily propose a commitment of non-federal resources. If an applicant decides to voluntarily contribute non-federal resources towards project costs and the costs are accepted by ACF, the non-federal resources will be included in the approved project budget. The applicant will be held accountable for all proposed non-federal resources as shown in the Notice of Award (NOA). A recipient's failure to meet the voluntary amount of non-federal resources that was accepted by ACF as part of the approved project costs and that was identified in the approved budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.

**Justification:** If an applicant is relying on cost share or match from a third-party, then a firm commitment of these resources (letter(s) or other documentation) is required to be submitted with the application. Detailed budget information must be provided for every funding source identified in Item 18. "Estimated Funding ($)" on the SF-424.

Applicants are required to fully identify and document in their applications the specific costs or contributions they propose in order to meet a matching requirement. Applicants are also required to provide documentation in their applications on the sources of funding or contribution(s). In-kind contributions must be accompanied by a justification of how the stated valuation was determined. Matching or cost sharing must be documented by budget period (or by project period for fully funded awards).

Applications that lack the required supporting documentation will not be disqualified from
competitive review; however, it may impact an application's scoring under the evaluation criteria in Section V.1. Criteria of this announcement.

**Paperwork Reduction Act Disclaimer**
As required by the Paperwork Reduction Act, 44 U.S.C. §§ 3501-3521, the public reporting burden for the Project Description is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 02/28/2022. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

### Application Submission Options

**Electronic Submission via www.Grants.gov**
This section provides the application submission and receipt instructions for ACF program applications. Please read the following instructions carefully and completely.

**Electronic Delivery**
ACF is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for grant funding opportunities. ACF applicants are required to submit their applications online through Grants.gov.

**How to Register and Apply through Grants.gov**
Read the following instructions about registering to apply for ACF funds. Applicants should read the registration instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. Therefore, registration should be done in sufficient time to ensure it does not impact your ability to meet required application submission deadlines.

Organization applicants can find complete instructions here: [https://www.grants.gov/web/grants/applicants/organization-registration.html](https://www.grants.gov/web/grants/applicants/organization-registration.html)

*Obtain a DUNS Number:* All entities applying for funding, including renewal funding, must have a Data Universal Numbering System (DUNS) number from Dun & Bradstreet (D&B). Applicants must enter the DUNS number in the data entry field labeled "Organizations DUNS" on the SF-424 form.

For more detailed instructions for obtaining a DUNS number, refer to: [https://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html](https://www.grants.gov/web/grants/applicants/organization-registration/step-1-obtain-duns-number.html)
Register with SAM: In addition to having a DUNS number, organizations applying online through Grants.gov must register with the System for Award Management (SAM). All organizations must register with SAM in order to apply online. Failure to register with SAM will prevent your organization from applying through Grants.gov.

For more detailed instructions for registering with SAM, refer to:

Create a Grants.gov Account: The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's DUNS number to complete this process. Completing this process automatically triggers an email request for applicant roles to the organization's E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, you will need the AOR role.

For more detailed instructions about creating a profile on Grants.gov, refer to:
https://www.grants.gov/web/grants/applicants/registration.html

Authorize Grants.gov Roles: After creating an account on Grants.gov, the EBiz POC receives an email notifying them of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, which may include the AOR role, thereby giving you permission to complete and submit applications on behalf of your organization. You will be able to submit your application online any time after you have been approved as an AOR.

For more detailed instructions about creating a profile on Grants.gov, refer to:
https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html

Track Role Status: To track your role request, refer to:
https://www.grants.gov/web/grants/applicants/registration/track-role-status.html

When applications are submitted through Grants.gov, the name of the organization's AOR that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitment on behalf of the organization as an AOR; this step is often missed and it is crucial for valid and timely submissions.

How to Submit an Application to ACF via Grants.gov
Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each FOA, you can create individual instances of a workspace.

The following is an overview of applying via Grants.gov. For access to complete instructions on
how to apply for opportunities, refer to: https://www.grants.gov/web/grants/applicants/apply-for-grants.html

Create a Workspace: Creating a workspace allows you to complete an application online and route it through your organization for review before submitting.

Complete a Workspace: Add participants to the workspace, complete all the required forms, and check for errors before submission.

Adobe Reader: If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace so that they will appear similar to other Standard or ACF forms. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drive(s), then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html

Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS number. To trigger this feature, an applicant must complete the SF-424 information first. Once it is completed, the information will transfer to the other forms.

Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

Track a Workspace: After successfully submitting a workspace package, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the package. The number will be listed on the Confirmation page that is generated after submission.

For additional training resources, including video tutorials, refer to: https://www.grants.gov/web/grants/applicants/applicant-training.html

Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at support@grants.gov. For questions related to the specific grant opportunity, contact the number listed in the application package of the grant you are applying for.

If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist ACF with tracking your issue and understanding background information on the issue.
Timely Receipt Requirements and Proof of Timely Submission
All applications must be received by 11:59 p.m., ET, on the due date established for each program. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant AOR will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When ACF successfully retrieves the application from Grants.gov, and acknowledges the download of submission, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by ACF.

Applicants with slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Again, Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

Issues with Federal Systems

Request an Exemption from Required Electronic Application Submission
To request an exemption from required electronic submission please refer to ACF’s “Policy for Requesting an Exemption from Required Electronic Application Submission” document for complete guidance at: www.acf.hhs.gov/sites/default/files/documents/acf_policy_for_requesting_an_exemption_from_required_electronic_0.pdf

Paper Format Application Submission
An exemption is required for the submission of paper applications. See the preceding section on "Request an Exemption from Required Electronic Application Submission."

Applicants with exemptions that submit their applications in paper format, by mail or delivery, must submit one original and two copies of the complete application with all attachments. The original and each of the two copies must include all required forms, certifications, assurances, and appendices, be signed by the AOR, and be unbound. The original copy of the application must have original signature(s). See Section IV.7. of this announcement for address information for paper format application submissions. Applications submitted in paper format must be received
by 4:30 p.m., ET, on the due date.

Applicants may refer to Section VIII. Other Information for a checklist of application requirements that may be used in developing and organizing application materials. Details concerning acknowledgment of received applications are available in Section IV.4. Submission Dates and Times in this announcement.

### IV.3. Unique Entity Identifier and System for Award Management (SAM)

All applicants must have a DUNS Number (http://fedgov.dnb.com/webform) and an active registration with the System for Award Management (SAM.gov/SAM, https://www.sam.gov).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is complete. If a grant is awarded, registration at SAM must be active throughout the life of the award.

**Plan ahead. Allow at least 10 business days after you submit your registration for it to become active in SAM and at least an additional 24 hours before that registration information is available in other government systems, i.e. Grants.gov.**

This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application through Grants.gov or prevent the award of a grant. Applicants should maintain documentation (with dates) of their efforts to register for, or renew a registration, at SAM. User Guides are available under the “Help” tab at https://www.sam.gov.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.
IV.4. Submission Dates and Times

Due Date for Letter of Intent
Due Date for Letter of Intent: 06/28/2021
Due Date for Applications: 07/19/2021

Explanation of Due Dates
The due date for receipt of applications is listed in the Overview section and in this section. See Section III.3. Other, Application Disqualification Factors.

Electronic Applications
The deadline for submission of electronic applications via www.Grants.gov is 11:59 p.m., ET, on the due date. Electronic applications submitted at 12:00 a.m., ET, on the day after the due date will be considered late and will be disqualified from competitive review and from funding under this announcement.

Applicants are required to submit their applications electronically via www.Grants.gov unless they received an exemption through the process described in Section IV.2. Request an Exemption from Required Electronic Application Submission.

ACF does not accommodate transmission of applications by email or facsimile.

Applications submitted to www.Grants.gov at any time during the open application period prior to the due date and time that fail the Grants.gov validation check will not be received at ACF. These applications will not be acknowledged.

Mailed Paper Format Applications
The deadline for receipt of mailed, paper applications is 4:30 p.m., ET, on the due date. Mailed paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in Section IV.2. Request an Exemption from Required Electronic Application Submission.

Hand-Delivered Paper Format Applications
Applications that are hand-delivered by applicants, applicant couriers, by overnight/express mail couriers, or other representatives of the applicant must be received on, or before, the due date listed in the Overview and in this section. These applications must be delivered between the hours of 8:00 a.m. and 4:30 p.m., ET, Monday through Friday (excluding federal holidays). Applications should be delivered to the address provided in Section IV.7. Other Submission Requirements.
Hand-delivered paper applications received after the due date and deadline time will be considered late and will be disqualified from competitive review and from funding under this announcement.

Hand-delivered paper format application submissions will be disqualified if the applicant organization has not received an exemption through the process described in Section IV.2. Request an Exemption from Required Electronic Application Submission.

No appeals will be considered for applications classified as late under the following circumstances:

- Applications submitted electronically via www.Grants.gov are considered late when they are dated and time-stamped after the deadline of 11:59 p.m., ET, on the due date.
- Paper format applications received by mail or hand-delivery after 4:30 p.m., ET, on the due date will be classified as late and will be disqualified.
- Paper format applications received from applicant organizations that were not approved for an exemption from required electronic application submission under the process described in Section IV.2. Request an Exemption from Required Electronic Submission will be disqualified.

Emergency Extensions
ACF may extend an application due date when circumstances make it impossible for an applicant to submit their applications on time. Only events such as documented natural disasters (floods, hurricanes, tornados, etc.), or a verifiable widespread disruption of electrical service, or mail service, will be considered. The determination to extend or waive the due date, and/or receipt time, requirements in an emergency situation rests with the Grants Management Officer listed as the Office of Grants Management Contact in Section VII. HHS Awarding Agency Contact(s).

Applicants will receive an initial email upon submission of their application to www.Grants.gov. This email will provide a Grants.gov Tracking Number. Applicants should refer to this tracking number in all communication with Grants.gov. The email will also provide a date and time stamp, which serves as the official record of application's submission. Receipt of this email does not indicate that the application is accepted or that it has passed the validation check.

Applicants will also receive an email acknowledging that the received application is in the Grants.gov validation process, after which a third email is sent with the information that the submitted application package has passed, or failed, the series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged by ACF.

Acknowledgement from ACF of an electronic application's submission:
Applicants will be sent additional email(s) from ACF acknowledging that the application has been retrieved from www.Grants.gov by ACF. Receipt of these emails is not an indication that the application is accepted for competition.

**Acknowledgement from ACF of receipt of a paper format application:**

ACF will not provide acknowledgement of receipt of hard copy application packages submitted via mail or courier services.

### IV.5. Intergovernmental Review

This program is covered under Executive Order (E.O.) 12372, "Intergovernmental Review of Federal Programs," and 45 CFR Part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Executive Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

Applicants should go to the following URL for the official list of the jurisdictions that have elected to participate in E.O. 12372 https://obamawhitehouse.archives.gov/omb/grants_spoc. Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of their prospective applications and to receive instructions on their jurisdiction's procedures. Applicants must submit all required application materials to the SPOC and indicate the date of submission on the Standard Form (SF) 424 at item 19.

Under 45 CFR 100.8(a)(2), a SPOC has 60 days from the application due date to comment on proposed new awards.

SPOC comments may be submitted directly to ACF to: U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 330 C St. SW, 3rd Floor, Washington, DC 20201.

Entities that meet the eligibility requirements of this announcement are still eligible to apply for a grant even if a State, Territory or Commonwealth, etc., does not have a SPOC or has chosen not to participate in the process. Applicants from non-participating jurisdictions need take no action with regard to E.O. 12372. Applications from Federally-recognized Indian Tribal governments are not subject to E.O. 12372.

### IV.6. Funding Restrictions

Costs of organized fund raising, including financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses incurred to raise capital or obtain contributions are unallowable. Fund raising costs for the purposes of meeting the Federal program objectives are allowable with prior written approval from the Federal awarding agency. (45 CFR §75.442)

Proposal costs are the costs of preparing bids, proposals, or applications on potential Federal
and non-Federal awards or projects, including the development of data necessary to support the non-Federal entity's bids or proposals. Proposal costs of the current accounting period of both successful and unsuccessful bids and proposals normally should be treated as indirect (F&A) costs and allocated currently to all activities of the non-Federal entity. No proposal costs of past accounting periods will be allocable to the current period. (45 CFR §75.460)

Grant awards will not allow reimbursement of pre-award costs. Construction is not an allowable activity or expenditure under this grant award. Purchase of real property is not an allowable activity or expenditure under this grant award.

IV.7. Other Submission Requirements

Submit paper applications to one of the following addresses. Also see ACF Policy on Requesting an Exemption from Required Electronic Application Submission at www.acf.hhs.gov/grants/howto#chapter-6.

Submission By Mail
FYSB Operations Center
c/o F2 Solutions
Attn: Family Violence Prevention and Services/ LGBTQ Institute on Intimate Partner Violence
HHS-2021-ACF-ACYF-EV-1966
1401 Mercantile Lane
Suite 410
Largo, MD 20774

Hand Delivery
FYSB Operations Center
c/o F2 Solutions
Attn: Family Violence Prevention and Services/ LGBTQ Institute on Intimate Partner Violence
HHS-2021-ACF-ACYF-EV-1966
1401 Mercantile Lane
Suite 410
Largo, MD 20774

Electronic Submission
See Section IV.2 for application requirements and for guidance when submitting applications electronically via www.Grants.gov.
For all submissions, see Section IV.4. Submission Dates and Times.

V. Application Review Information

V.1. Criteria
Please note: With the exception of the funding opportunity announcement and relevant statutes and regulations, reviewers will not access, or review, any materials that are not part of the application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers will not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into consideration in scoring of evaluation criteria presented in this section. Reviewers will evaluate and score an application based on the documents that are presented in the application and will not refer to, or access, external links during the objective review.

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. The required elements of the project description and budget justification may be found in Section IV.2 of this announcement.

**ORGANIZATIONAL PROFILE**

<table>
<thead>
<tr>
<th>Maximum Points: 25</th>
</tr>
</thead>
</table>

The application will be evaluated based upon the extent to which it contains the following:

1. Highlights qualities that demonstrate organizational leadership and expertise in serving LGBTQ individuals from culturally diverse communities and geographic locations and experience providing training and technical assistance to state domestic violence coalitions, local domestic violence programs, tribal programs, community-based programs and LGBTQ specific programs.

2. Describes a staffing plan that demonstrates sufficient capacity to address, in an ongoing, strategic, and culturally responsive manner, the identified disparities for people of color and others who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality in an ongoing, strategic, and culturally responsive manner.

3. Demonstrates the organization’s documented experience in the areas of IPV specifically relevant to LGBTQ individuals and communities as described in Section I. Program Description.

4. Demonstrates that the steering committee includes representation from LGBTQ communities, including, but not limited to, community-based activists, survivors of IPV, domestic violence service providers, practitioners, and researchers that are geographically and culturally diverse as described in Section I. Program Description.

5. Demonstrates the organizational knowledge and professional relationships, through letters of support or MOUs, with the network of local, state, and tribal domestic violence programs, LGBTQ-specific organizations and national experts.

6. Demonstrates the organizational capacity necessary to undertake a national project providing training and technical assistance activities, public awareness activities, research and knowledge development, and policy development and systems engagement activities as described in Section I., Program Description and Section IV.2.
**Project Description, Approach.**

7. Describes the expertise of the proposed staff and the administrative and organizational structure of the applicant organization, including the management plan and the operational and programmatic relationships to other national organizations and domestic violence and LGBTQ service providers at the local, state, and national levels.

8. Documents expertise regarding LGBTQ-specific IPV intervention and prevention strategies, the provision of national training and technical assistance, and the ability to lead the domestic violence field and collaborate with a diverse network of organizations as described in Section IV.2. Project Description.

9. Provides a staffing plan that demonstrates that the required educational and professional experience is appropriate for the proposed responsibilities for each staff position through a discussion of position descriptions and resumes, or biographical sketches of key staff, including consultants. Key staff are defined as those staff members responsible for direct oversight, management, or implementation of the proposed project.

10. Describes a plan for training project staff in the appropriate topics in order to safely and effectively implement the project and manage the issues that they will encounter in a culturally competent manner, which effectively responds to the ethnicity, age, sex, gender identity, cultural practices, sexual orientation, socioeconomic status, educational background, and languages of the targeted population(s).

11. Describes organizational policies and practices to ensure ongoing organizational capacity to address disparities for underserved populations in an ongoing, strategic, and culturally responsive manner, especially for particular underserved populations with documented history of long-standing significant disparities related to the topic of the grant.

12. Identifies a point of contact for this grant, including telephone number and email address.

13. Includes letters of support from advocates, local, state, or tribal organizations and national organizations that are working to address LGBTQ-specific IPV, including services for children or youth exposed to IPV.

**OBJECTIVES AND NEED FOR ASSISTANCE**

Maximum Points: 10

The application will be evaluated based upon the extent to which it contains the following:

1. Describes a clear need for the proposed project and a clear plan for how the project will address those needs, including barriers to services and systems; challenges faced by domestic violence service providers in assisting LGBTQ IPV survivors with specific complex needs; and the efforts of local domestic violence programs, state domestic violence coalitions, and LGBTQ-specific organizations to address these challenges, related training and technical assistance gaps, and relevant data and analysis.

2. Provides documentation on the state(s), tribe(s), organization(s), and/or community(s) to be impacted and served.

3. Supplies a plan for addressing the scope of the problem or problem(s) identified, the types of assistance that are needed, and an assessment of how the proposed project objectives will address the identified areas of need.

4. Demonstrates a clear commitment to expanding the capacity of the domestic violence
field, LGBTQ-specific organizations, and engaging communities as discussed throughout Section IV.2. Project Description.

5. Describes clear and appropriate program objectives that are nationally comprehensive in scope, and will fulfill the program purpose and program requirements as described in Section I. Program Description and Section IV.2. Project Description.

6. Identifies relevant systemic barriers to opportunities and benefits for people of color and other underserved groups and identifies opportunities for advancing equity within domestic violence services and related systems throughout the project plan.

### EXPECTED OUTCOMES

<table>
<thead>
<tr>
<th>Maximum Points:10</th>
</tr>
</thead>
</table>

The application will be evaluated based upon the extent to which it contains the following:

1. Identifies the results and benefits (outcomes) it plans to achieve relating to the overall goals of the project as described in Section I. Program Description.

2. Defines and describes the outputs that it plans to achieve and how they relate to the project outcomes.

### APPROACH

<table>
<thead>
<tr>
<th>Maximum Points:35</th>
</tr>
</thead>
</table>

The application will be evaluated based upon the extent to which it contains the following:

1. Demonstrates a national and comprehensive plan for providing technical assistance and training to expand the capacity of local domestic violence programs, state domestic violence coalitions, tribes, tribal organizations, government agencies, and LGBTQ-specific and community-based organizations to address IPV intervention and prevention.

2. Addresses each aspect of the approach including training and technical assistance, public awareness, research and knowledge development, and policy development and systems engagement as described in Section IV.2. Project Description, Approach and the feasibility of the proposed means of accomplishing these elements.

3. Describes how the proposed project will engage LGBTQ communities, diverse and marginalized subpopulations, public/private systems and local domestic violence providers. Describes how the proposed project will create national, statewide, or local improvements in systemic IPV intervention or prevention responses, as described in Section I. Program Description.

4. Provides a comprehensive equity plan (or other similar documentation within the application) that demonstrates the processes and policies the grantee will have in place to ensure the proactive identification of systemic barriers to opportunities and benefits for people of color and other underserved populations and strategic incorporation of activities to redress such barriers in ongoing workplans.

5. Plans relate the project tasks to the objectives, provide a timetable for the accomplishment of significant project activities and products, and designates appropriate project activities to achieve project goals and objectives and meet the identified needs.

6. Describes how collaborations will be undertaken and relationships with project partners managed.

7. Describes how the applicant will contribute to or assist in advancing the research,
evaluation, and programmatic outcomes related to LGBTQ specific IPV intervention and prevention programs.

8. Discusses the specific research questions that may be investigated, initial ideas on how to assess the research questions, and any anticipated limitations

9. Discusses how the applicant will assess the rigor of evidence identified (e.g. how will “effectiveness” be operationally defined), and how the applicant will highlight limitations and call attention to future directions for research and practice

### EVALUATION

The application will be evaluated based upon the extent to which it contains the following:

1. Describes a feasible plan to evaluate success in achieving the goals set forth in the application.
2. Demonstrates a sound plan for measuring the changes in knowledge and skills of professionals serving LGBTQ survivors of IPV.
3. Demonstrates a sound plan for measuring the outcomes of any practice change strategies shared with the domestic violence field, and LGBTQ-specific organizations, as well as measuring how service practices change overtime.
4. The application demonstrates a sound plan for measuring the broad base of organizations reached by services, programming, and technical assistance.

### BUDGET AND BUDGET JUSTIFICATION

The application will be evaluated based upon the extent to which to which it contains the following:

1. Detailed line item budget of project costs is that demonstrates how cost estimates were derived; detailed calculations must include estimation of methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. The budget must include all the information required and described in Section IV.2. Project Description.
2. Proposed budget and budget justification are feasible for the proposed approach and are logical, reasonable, and appropriate.
3. Proposed budget and budget justification are free of errors.
4. Application demonstrates how the funds requested are necessary and essential to accomplish the approach, as described in Section IV.2. Project Description.
5. Budget delineates reasonable compensation for project partners that aligns with the proposed activities.

### V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or subrecipient that does not have a DUNS number ([http://fedgov.dnb.com/webform](http://fedgov.dnb.com/webform)) and an active registration at SAM ([www.sam.gov](http://www.sam.gov)). See Section IV.3. Unique Entity Identifier and System for Award Management
Please refer to (SAM).

**Initial ACF Screening**
Each application will be screened to determine whether it meets any of the disqualification factors described in Section III.3. Other, Application Disqualification Factors.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this FOA.

**Objective Review and Results**
Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in Section V.1. Criteria of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process. ACF reserves the right to evaluate applications in the larger context of the overall portfolio by considering geographic distribution of federal funds (e.g., ensuring coverage of states, counties, or service areas) in its pre-award decisions.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. In addition, ACF may elect to not allow a prime recipient to subaward if there is any indication that they are unable to properly monitor and manage subrecipients.

Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested.

**Federal Awarding Agency Review of Risk Posed by Applicants**
ACF is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS), www.fapiis.gov/, before making any award in excess of the simplified acquisition threshold over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency has previously entered into FAPIIS. ACF will consider any comments by the applicant, in addition to other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 45 CFR § 75.205(a)(2) Federal Awarding Agency Review of Risk Posed by Applicants.

Please refer to Section IV.2. of this announcement for information on non-federal reviewers in...
the review process.

**Approved but Unfunded Applications**
Applications recommended for approval in the objective review process, but not selected for award, may receive funding if additional funds become available in the current Fiscal Year. For those applications determined as “approved but unfunded,” notice will be given of the determination by email.

### V.3. Anticipated Announcement and Federal Award Dates

Announcement of awards and the disposition of applications will be provided to applicants at a later date. ACF staff cannot respond to requests for information regarding funding decisions prior to the official applicant notification.

### VI. Federal Award Administration Information

#### VI.1. Federal Award Notices

Successful applicants will be notified through the issuance of a Notice of Award (NoA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NoA will be signed by the Grants Officer and transmitted via postal mail, email, or by GrantSolutions.gov or the Head Start Enterprise System (HSES), whichever is relevant. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.6. Funding Restrictions*, if applicable. Project costs that are incurred prior to the receipt of the NoA are at the recipient's risk.

Grantees may translate the Federal award and other documents into another language. In the event of inconsistency between any terms and conditions of the Federal award and any translation into another language, the English language meaning will control. Where a significant portion of the grantee’s employees who are working on the Federal award are not fluent in English, the grantee must provide the Federal award in English and in the language(s) with which employees are more familiar.

#### VI.2. Administrative and National Policy Requirements

Awards issued under this announcement are subject to 45 CFR Part 75 - Uniform
Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards currently in effect or implemented during the period of award, other Department regulations and policies in effect at the time of award, and applicable statutory provisions. The Code of Federal Regulations (CFR) is available at [www.ecfr.gov](http://www.ecfr.gov). Unless otherwise noted in this section, administrative and national policy requirements that are applicable to discretionary grants are available at: [www.acf.hhs.gov/administrative-and-national-policy-requirements](http://www.acf.hhs.gov/administrative-and-national-policy-requirements).

An application funded with the release of federal funds through a grant award does not constitute, or imply, compliance with federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

Please review all HHS regulatory provisions for Termination at 45 CFR § 75.372.

**HHS Grants Policy Statement**

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Notice of Award (NOA). The HHS GPS is available at [https://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-1](https://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-1).

**Equal Treatment for Faith-Based Organizations**

The grantee must comply with 45 CFR § Part 87 “Equal Treatment For Faith-Based Organizations,” including the requirement that all faith-based or religious organizations are eligible, on the same basis as any other organization, to participate in this and any program for which they are otherwise eligible. Thus, when selecting service providers or subrecipients, it may not discriminate for or against any organization on the basis of the organization's religious character or affiliation as indicated in 45 CFR § 87.3(a).

A faith-based organization that participates in this program will retain its independence from the Government and may continue to carry out its mission consistent with religious freedom, nondiscrimination, and conscience protections in Federal law, including the Free Speech and Free Exercise Clauses of the First Amendment of the U.S. Constitution, the Religious Freedom Restoration Act (42 U.S.C. 2000bb et seq.), the Coats-Snowe Amendment (42 U.S.C. 238n), Title VII of the Civil Rights Act of 1964 (42 U.S.C. 2000e–1(a) and 2000e–2(e)), the Americans with Disabilities Act, 42 U.S.C. 12113(d)(2), section 1553 of the Patient Protection and Affordable Care Act (42 U.S.C. 18113), the Weldon Amendment (e.g., Further Consolidated Appropriations Act, 2020, Public Law 116–94, 133 Stat. 2534, 2607, div. A, sec. 507(d) (Dec. 20, 2019)), or any related or similar Federal laws or regulations. Religious accommodations may also be sought under many of these religious freedom and conscience protection laws.

Consistent with 45 CFR 87.3 (b), a faith-based organization may not use direct financial
assistance from the Department to engage in any explicitly religious activities (including activities that involve overt religious content such as worship, religious instruction, or proselytization). Consistent with 45 CFR 87.3 (d), Such an organization also may not, in providing services funded by the Department, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

VI.3. Reporting

Performance Progress Semi-Annually Reports:

Recipients under this FOA will be required to submit performance progress and financial reports periodically throughout the project period. Information on reporting requirements is available on the ACF website at [www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2](http://www.acf.hhs.gov/discretionary-post-award-requirements#chapter-2).

For planning purposes, the frequency of required reporting for awards made under this announcement are as follows:
Financial Reports: Semi-Annually

**Appendix**

Lesbian, Gay, Bisexual, Transgender, and Questioning (LGBTQ) Accessibility Policy

Lesbian Gay Bisexual Transgender and Questioning Institute on Intimate Partner
Violence
HHS-2021-ACF-ACYF-EV-1966

All applicants submitting an application under this FOA must sign and submit the following LGBTQ Accessibility Policy with their application package. Print the document. It must be signed and dated by the applicant organizations Authorized Organizational Representative (AOR). Scan the document into PDF format and submit it with the application at www.Grants.gov. See Section IV.2. Content and Form of Application Submission, Formatting ACF Applications, for more information on submission of this document.

As the Authorized Organizational Representative (AOR) signing this application on behalf of [Insert full, formal name of applicant organization]

I hereby attest and certify that:

The needs of LGBTQ individuals are taken into consideration in the applicants program design. The applicant must consider how their program will be inclusive of and non-stigmatizing toward such participants. If not already in place, the applicant and, if applicable, sub-awardee(s)/subcontractor(s) should establish and publicize policies prohibiting harassment based on race, sexual orientation, gender, gender identity (or expression), religion, and national origin. The submission of an application for this funding opportunity reflects that the applicant has or will have such policies in place prior to receiving the award. Award recipients should ensure that all staff members are trained to prevent and respond to harassment or bullying in all forms. Funded programs should be prepared to monitor claims, address them seriously, and document their corrective action(s) so that all participants are assured that programs are safe, inclusive, and non-stigmatizing by design and in operation. Additionally, any sub-awardees or subcontractors are required to:

- Have in place or will have in place, within 30 days of award of the subgrant/subcontract, policies prohibiting harassment based on race, sexual orientation, gender, gender identity (or expression), religion, and national origin;
- Enforce these policies;
- Ensure that all staff will be trained prior to program implementation on how to prevent and respond to harassment or bullying in all forms; and
- Have or will have, within 30 days of grant award, a plan to monitor claims, address them seriously, and document their corrective action(s).
